Collection of Fraser covers

(Two Volumes)

By Al Ring

This collection was started in the early 1990’s and then pretty much stopped in the late 1990’s. The collection consisted of the entire state of Arizona. It contained about 1500 postmarks. In May of 2006 I liquidated all but the Cochise and Santa Cruz County, Arivaca and the special collection of Fraser postmarks. I made the presentation pages and will collect only postmarks from the above named places.

NOTE: The Fraser Collection, consists of some covers from the John A. & Ines Fraser family. They were miners who came to Southern Arizona in 1903 to mine. They spent much of the next 17 years there until John and Alexander (his brother) were killed at their store in Ruby, Arizona in 1920.

Higgins Hill at left was the site of Bisbee's earliest mines. Quality Hill, to the right, was and still is the home of many connected with the mines, although mining activity has moved two or more miles south of here. The Miners' Monument, by E. Phillips Sanders, was dedicated to Warren District copper miners by Congresswoman Isabella Greenway in 1915.

Dear Ima,

This is Friday and I went to Douglas for a load of groceries. We had to drag Henny Smith's car in. We fixed the radiator again. So I guess she won't sit back any longer.

I am sending the cloth and thread for the pillows. Can you find any of the patterns? I think the others think they are away, so you will just have to invent something to put on.

I didn't think I would do a good job, but somehow it works. I can't hardly write. The one I wear the thumb on, I caught that old white mother, it was fighting one of the others and the one did spin me on the hand and on the fingers. I put iodine on it. It is not as sore as it was.

Beryl Rutler is working for J.S. Now, she is much better. Ray is still in the hospital. Betty is most O.K. Now, they are all going to welcome to a big dance.
They sent in by will to make a date to have their hair fixed tomorrow. Well the e.e. truck just stopped Red was driving. First time he has been here for a while. Said he had been up to Phoenix for a few days. He was all smiles. Wanted to know if I wanted anything from town. I haven’t used the E.E. sllo yet. Will send more stamps next time. As these are all I have. Heard from many they were in Douglas again as business. All well with them. Guess Ed & Anna & Reatha will be out Sunday. It is some nice weather now little chilly, I wonder where we will hear from Mr. Taylor. Tell Charlie hello had card from Goldie, she is coming along fine.

Must close now. Lots of love.
Your loving mother.

Dear Hazel - do not know whether I will return to East yet or if I will return to East yet. Haynes thought I would return on Thursday, but in the event I do return we will go to Washington D.C. the last half mile from Washington D.C. with the old Okie. The trip to San Francisco engaging the other ride was much longer than anticipated and the trip back was much longer than anticipated.

Love to you and glad you visited Lake Powell.
